Changes from Prior Version

This release fixes the error message presented when publishing a new report after changing the SharePoint Portal URL. Since most clients will use one URL it is not an important update.

Installation Notes

1. Uninstall previous version. To do so:
 - * Open the Control Panel.
 - * Open the Add or Remove Programs.
 - * Select "Insight Excel Add-in".
 - * Click to the "Remove" button.
 - * Follow the uninstallation steps.
2. Download and unzip Add-in directory
3. Run "setup.exe". Follow the installation steps.

This add-in is available to licensed users of Insight Enterprise at no cost.

Insight Decision Solutions was established by insurance professionals to provide integrated, enterprise-wide, analytical systems for insurance companies.

We focus solely on insurance to bring you analytical solutions to meet your needs.

Our staff consists of qualified professionals, with extensive experience in insurance and systems.

Insight Enterprise

Smart, confident decisions.

Insight Enterprise is a complete business intelligence system consisting of insurance analytics and applications, data storage, and data transformation and loading tools.

The system includes a number of unique features, including:

- Pre-built insurance specific applications, such as experience analysis, earnings by source and sales profitability.
- Open data model structured specifically for Life and Health insurance.
- Temporal data model enabling flexible analysis over time with fast response times for insurance applications.

The screenshots illustrate the software's capabilities in policy movement analysis, earnings tracking, and detailed financial reporting.
