Insight Enterprise

Smart, confident decisions.

Insight Enterprise is a complete business intelligence system consisting of insurance analytics and applications, data storage, and data transformation and loading tools.

The system includes a number of unique features, including:

- Pre-built insurance specific applications, such as experience analysis, earnings by source and sales profitability.
- Open data model structured specifically for Life and Health insurance.
- Temporal data model enabling flexible analysis over time with fast response times for insurance applications.

The screenshots illustrate the software's capabilities in policy movement analysis, earnings tracking, and detailed financial reporting.
